including more than 1,000
international students
from 65 different countries

RANKINGS

EM Normandie has been awarded three palms of excellence by Eduniversal, attesting to its high academic standards and superior international reputation.

ACCREDITATIONS

TRIPLE CROWN

EM Normandie has triple accreditation from EQUIS, AACSB and AMBA. Less than 1% of Business Schools worldwide have this triple accreditation, and only 19 in France. This attests to the School's excellence as they are very high international standards. It also reinforces EM Normandie's position among the global elite of Business Schools.

LABELS AND CERTIFICATIONS

EM Normandie forms part of the Conférence des Grandes Écoles. This select group consists of 38 French Business Schools that award the state-recognised Master's degree out of some 400 business and management schools in France.

EM Normandie's flagship Bachelor's and Master's degrees are quality-assessed by the CEFDG, the French Commission for the Evaluation of Management Training and Qualifications, which issues State recognition.

EM Normandie's flagship courses prepare for certifications listed in the French National Directory of Professional Qualifications (RNCP), which is managed and updated by France Compétences.

L'article L.6316-4 II du Code du Travail reconnaît la qualité de l'établissement d'enseignement supérieur au titre des 4 catégories d'actions concourant au développement des compétences.

The Qualiopi recognition attests to the quality of the processes implemented in the programs at EM Normandie. It recognizes the institution's ability to identify and reconcile the expectations of students and businesses, the adequacy of the educational, technical, and support resources used, as well as its commitment to continuous improvement.

Since 2010, EM Normandie has been a member of the Union of Independent Grandes Écoles (UGEI), which includes 38 Engineering, Business and Design Schools that award the state-recognised Master's degree.

The private higher education institution with a public interest (EESPIG) qualification is awarded by the French Ministry of Higher Education and Research. It recognises the School as a non-profit higher education institution with a public interest that serves the public in the areas of higher education and research.

The BSIS label, issued by the FNEGE (Fondation Nationale pour l'Enseignement de la Gestion des Entreprises) and the EFMD (European Foundation for Management Development), assesses the extent and nature of a business school's impact on its environment.

This label covers seven dimensions and highlights the sustainable and responsible impact of a school on its local area.

The Latin American Council of Management Schools (CLADEA) is among the most important international organisations in the field. It brings together higher education institutions and international organisations involved in teaching and research in management sciences.

The Association of African Business Schools (AABS) brings together business schools across the African continent. Its main objective is to promote academic and professional excellence in the field of higher education in management. This network encourages the exchange of ideas, best practices, and collaborations among its members to effectively prepare students for the new challenges of the market.

EM Normandie's Oxford subsidiary, EM Normandie UK Limited, is a member of the Chartered Association of Business Schools (CABS), a prestigious British body made up exclusively of leading UK business schools and universities. With 120 members, it promotes academic excellence, research and lobbying on behalf of its members.

EM Normandie UK Limited is also certified by the Chartered Management Institute (CMI) and authorised to deliver the CMI Certificate in Strategic Management and Leadership Practice.

QUALITY LABELS

EM Normandie actively demonstrates its commitment to disability and social inclusion through awareness programs and specific recruitment channels. In addition, the School takes gender equality extremely seriously.

EM Normandie has been awarded the Speak and Act label, an indicator based exclusively on student satisfaction with facilities, academic education, links with businesses, student life, environmental protection and confidence in the future. EM Normandie also holds the Bienvenue en France label, with a maximum three-star rating, which guarantees the quality of the School's hospitality towards international students.

EM Normandie has been awarded the DD&RS label for higher education. Covering the 17 Sustainable Development Goals (SDGs), this standard underlines its commitment in terms of environmental and societal impact. As a labelled institution, it is also part of a group of committed establishments, enabling it to increase its skills and participate in the labelling committee as well as in audits of candidate establishments.

CAMPUSES

Thrive in motivating surroundings, use our facilities designed for success and settle into your new life easily with our excellent support.

CAEN

Only two hours from Paris, Caen is THE student city! With its city centre, lively terraces, cultural venues, youth initiatives and famous student carnival – the largest in Europe – it's the perfect place to live, study and work... just a few kilometres from the beaches. So, it's hardly surprising that it's one of the top five student cities (L'Étudiant).

Equipped with the latest digital technology, the Caen campus is just a short tram ride from the city centre, at the heart of the EPOPEA Caen Normandy Science & Innovation Park. This unique setting fosters exchanges with innovative companies, research laboratories, and other training institutions. The campus has made regional development, marketing, and innovation its cornerstones.

LE HAVRE

Only two hours from Paris, Le Havre has plenty to offer: it is a city on an international scale, featuring not only one of the largest ports in Europe but also a charming seaside and water sports resort, with a beach right in the heart of the city. It is teeming with opportunities for work, culture and sport!

It is a hotspot for all specialisations associated with the logistics, maritime and port industries, and the Le Havre campus, now at its new location opened in 2020, is the figurehead of digital transformation at EM Normandie. It is located at the heart of the Le Havre Normandie campus, an international center of excellence that brings together all higher education institutions in Le Havre and facilitates synergies for regional development.

PARIS

Paris, the top student city in France, is at the heart of it all and offers an unrivalled wealth of social, cultural and sporting activities. Take full advantage of the economic effervescence of the capital, the birthplace of many jewels of the French and global economy and a multitude of startups, and expand your career opportunities!

The Parisian campus is ideally located just on the outskirts of Paris (17th arrondissement), in the centre of an up-and-coming urban hub in Clichy La Garenne, next to Levallois-Perret. It shares the hub with over 7,000 businesses, including the head offices of L'Oréal, Etam, Monoprix, SNCF, Amazon France, Econocom, Eiffage, Geodis, SAP France and more.

I DUBAI

With its prime geographic location in the United Arab Emirates, Dubai is a highly sought-after innovation hub, with 140 billion invested every year in researching solutions for the future. As a result, the city is a fantastic testing ground for training students in Smart Cities, and EM Normandie is the first French Grande Ecole to set up there. Dubai is also home to the headquarters of some of the world's leading financial institutions, and its residents count over 150 nationalities.

Located in the Dubai Knowledge Park, an educational cluster with more than 14,000 students, the campus is within easy reach of shops, transport, Palm Jumeirah Island and a number of renowned international universities. It also faces the headquarters of major IT multinationals (Dell Technologies, Cisco Systems, Huawei, Amazon Services, etc.).

I DUBLIN

A green and cultural city, Ireland's capital is experiencing unprecedented economic growth: it is one of the world's top ten financial centres and has become the preferred location for GAMAM (Google, Apple, Meta, Amazon, Microsoft) in Europe. It is also home to many start-ups and major companies in the pharmaceutical industry, financial services and new information technologies.

Located between the business centre and Dublin's liveliest districts, the campus has a special feature: every week, you spend a day of classes at Dublin University of Technology. You will also have access to lectures, the library and the cafeteria and be in daily contact with over 6,000 students. Ideal to optimise your English language learning.

I OXFORD

Oxford is a global centre of knowledge and innovation. It is home to Oxford University, an institution renowned since the 11th century, ranked among the best universities in the world. Comprising 42 colleges – including Christ Church, where Harry Potter was filmed – it has the largest student population in England. Close to London, the city is easy to explore on foot or by bike and offers a wealth of cultural activities.

Adding a dash of British culture to the EM Normandie experience is what gives the Oxford campus its charm. It is a member of the Chartered Association of Business Schools (CABS), a UK body of 120 institutions that promotes academic excellence and research. Its specialisms include finance and FinTech as well as HR, change management and digital marketing, and it is an accredited examination centre for the UK's Chartered Management Institute (CMI).

EXPLORE THE WORLD

Get real time information on new partnerships from the EM Normandie website.

8 REASONS TO JOIN EM NORMANDIE

1 Gain worldwide recognition

EM Normandie is one of only **1% of international institutions with triple accreditation (EQUIS, AACSB and AMBA)**. These indisputable guarantees of excellence on the world stage provide a gateway to mobility and employment opportunities.

2 Discover innovative teaching methods

With its EdTech department, EM Normandie is exploring new ways of learning that are ever more immersive, fun and gamified. Augmented reality, 3D printing, robotics, artificial intelligence: integrate technology into your learning. Sharpen your management expertise by analysing a cult series. Take part in courses with students on the other side of the world. Save the planet in an Escape Game that tests your logistical skills in delivering a vaccine, etc. Thanks to discussion forums, webinars, and tutorials, benefit from step-by-step support, learn at your own pace, engage freely with your professors, and access numerous supplementary resources.

Skills: Master new technologies, stimulate your creativity, work in project mode and be agile.

3 Enjoy one of the best student experiences

A barometer based on student satisfaction to evaluate the quality of a school's programmes and facilities, as well as the strength of its network and the vibrancy of its student life: this is what Speak and Act offers, placing EM Normandie in the TOP 10 of Business Schools providing the best Student Experience! By the way, have you heard about the excitement of student life at EM Normandie? It's an ideal opportunity to develop your skills by getting involved in a project that you are passionate about.

4 Develop your international mindset

Our international experiences are amongst the most rewarding. Discover new cultures, develop your ability to adapt and open yourself up to the world. To support its international dimensional strategy and increase its appeal and influence in the world, the School has set up an International Advisory Board, comprising academics, professionals and graduates who are experts in international development.

More than 1,000 international students

60% international professor-researchers

More than 65 nationalities on campus

10 modern languages to choose from

More than 200 partner universities, **70%** of which are accredited

Skills: Discover new cultures, learn to work in multicultural environments, develop your independence and adaptability.

5 Learn from the top-level professors

EM Normandie boasts 131 academic staff, of which 60% are international. Passionate about their fields, they are dedicated to sharing their knowledge with you. They also conduct academic research, support businesses with concrete challenges, and participate in international conferences.

In addition, 75 visiting professors and 800 professionals, including many alumni and inspiring figures, collaborate alongside them. This ensures you receive cutting-edge training that aligns with contemporary developments and the needs of employers.

Skills: Develop solid knowledge in management and leadership, adopt a strategic vision, maintain a culture of excellence, and cultivate an open mind.

131 professor-researchers, of which 60% are international
75 visiting professors
800 external professionals

5 Research Chairs

- Compétences, Employabilité et Décision RH
- Digitalisation et Innovation dans les Organisations et les Territoires
- Chaire d'excellence européenne «Économie circulaire et Territoires»
- Modèles Entrepreneuriaux en Agriculture
- Centre d'Études et de Recherche sur les commerces et artisans de proximité

6 Test your skills in the real world

Getting you to move beyond theoretical frameworks and take action is in the DNA of EM Normandie. Real-life business missions and challenges, internships, and work-study programmes are the foundations of this «Test and Learn» pedagogy. With 5,000 partner companies, ranging from small businesses to large international groups, involved in the life of the School, and 800 professional contributors, including many alumni, regularly participating in the programmes, you will enhance your practical experience and build your network.

Skills: Become an operational manager, master the workings of the company and its challenges, develop your spirit of initiative, mobilise cross-disciplinary skills and adopt a proactive and positive attitude within the company.

7 Boost your employment opportunities with the Career Path

Throughout your course, the Career Path is a unique process that will give you step-by-step support in building your career plan, guide your academic, international and professional choices, strengthen your skills and set you apart from the competition to land your dream job.

Skills: Identify your skills, learn to sell yourself, develop a genuine networking approach.

8 Join a powerful network of graduates

On joining, students become lifetime members of the EM Normandie Alumni Association, alongside the other **28,000 members located in over 100 countries**. You may wish to attend our workshops on graduates' business sectors, take part in webinars on specific topics, enjoy informal chat and networking opportunities at our business drink events and find out about a particular company from those on the inside.

Skills: Develop a genuine networking approach.

LIVE THE EM NORMANDIE BUSINESS SCHOOL EXPERIENCE

Support for our international students is always our priority!

- A multicultural environment with more than 1,000 students and 60% of international professor-researchers, from 65 nationalities.
- Support and advice before and after your arrival to help you apply for a visa, find accommodation and deal with administrative formalities.
- A Wellness department responsible for looking after the wellbeing of the entire student community and allowing you to focus solely on succeeding in your studies (offering support for psychological and social problems, disability and more).
- A number of events are held on campus throughout the year with the support of student associations, helping you become part of the EM Normandie community (Induction Weeks, Farewell Party, etc.).
- Preferential access to the Student Concierge Club, the first all-in-one welcome and support service for international mobility students with 24/7 bespoke assistance (transport, insurance, health, phone, banking, leisure, travel and more).
- An online accommodation platform, developed in partnership with Studapart, the student accommodation specialist, to find a rental, sublet, temporary room or flatmates in just a few clicks.

Integration: the unmissable event of the new school year

At the start of the new academic year, take advantage of a friendly, intense and festive integration programme with new students to get to know your peers, meet the teaching and administrative teams who will support you throughout your studies, discover your campus, take part in workshops, take on challenges... Sessions dedicated to international students are also organised to facilitate administrative formalities when you arrive in France. We're waiting for you!

Watch the video to see how our
international students are welcomed.

Become an active participant in your journey, progression, and employability. Timetables, grades, courses, events, news, note-taking: WARD simplifies your daily life and goes much further!

BOOST YOUR SKILLS AND EMPLOYABILITY

Artificial intelligence is making its way into WARD 2.0, with even more advanced features currently in development.

Access self-assessment tools, personality tests, and personalised internship, apprenticeship, and job offers presented in a swiping format, similar to dating sites.

With WARD 2.0, create an online skills portfolio in the form of badges, continuing the competency-based approach of the programmes. Perfect for showcasing your skills on CV platforms and social media.

CONNECT WITH THE ENTIRE EM NORMANDIE COMMUNITY

Interact with your peers and teaching staff via instant messaging and an appointment scheduling portal.

Use a tagging system to indicate your passions or career aspirations and connect with the EM Normandie community, regardless of campus or cohort... Even after graduation, as the School for Life philosophy dictates. A powerful accelerator for professional opportunities!

«WARD was launched when I was in my second year. Using this platform quickly became second nature as it centralises all the practical daily information. It has also been a reference point for my search for an apprenticeship. With ongoing developments, it is set to become a differentiating asset for succeeding in one's studies and career»,
Camille, student.

JOIN OUR ALUMNI

SCHOOL FOR LIFE

Join the School and automatically become a lifetime member of EM Normandie Alumni Association.

Founded in 1875, the EM Normandie Alumni Association is the second-oldest alumni network in France. It has 28,000 members in over 100 countries worldwide! With its rich history and focus on the future, it seeks to unite students and graduates by organising get togethers, supporting its members throughout their professional journey and reinforcing the School's strategy by helping to raise the profile of its courses.

SCHOOL FOR LIFE

A NETWORK OPEN TO STUDENTS

One of the unique points (and strengths!) of EM Normandie's Alumni Association is the fact that it is accessible to students right from the first year of their studies, as well as the 'life membership' it offers. This position is symbolic of the School's philosophy: a dynamic, active, permanent and socially committed circle that generates ideas and draws on interaction and innovation to provide ever-greater support to its community!

THINK ALUMNI!

Want to meet with graduates? Need more information about a company or a career? The Association organises around 50 events in France and abroad every year, including gala evenings, open talks, business drinks, careers workshops and more. It also provides access to an online directory that makes networking easier. And this is just a snapshot of what is available. Prepare to develop your network approach!

A BOOST FOR AN INTERNATIONAL CAREER

In order to boost the international employability of its alumni, the EM Normandie Alumni Association created the International Alumni Club in 2023. Bringing together the alumni managers of partner universities, it enables them to share best practices, innovate and create new synergies. An additional advantage for your mobility!

Check out our website to find out about all of our networking opportunities.

” Kuntong

Student originally from China - Master in Management (specialising in Supply Chain Management).

EM Normandie is a world-class business school within a multicultural environment, providing a gateway to business. My advice to future students would be to make friends within the EM Normandie community and build links with professors.

” Lucie

Student originally from Cameroon - Master in Management (specialising in Marketing and Commercial Strategy)

Students are at the heart of everything EM Normandie does. We use the latest technology to make classes exciting and facilitate discussion, with expert professors on hand to help.

Over 80% of international students stay in France for work after graduation*

” Kamali FASSAMI 2020 Graduate

Originally from Ivory Coast, I chose to continue my studies in France because I had full confidence in the academic excellence here and that my training would be internationally recognised. EM Normandie was recommended to me by a friend. As soon as I arrived, the other students in my year and my Academic Director made me feel very welcome. I soon felt part of the renowned EM Normandie community! As far as the courses go, the main advantages include the high calibre of the teachers and professionals I was lucky enough to secure a permanent contract at the end of my internship as a pre-sales engineer in the Smart Metering industry. To unlock a promising professional future, I would advise students to come and study in France, and specifically at EM Normandie.

*Based on graduate employment survey for the classes of 2021, 2022 and 2023 (all programmes).

Check out our podcast for more graduate stories.

JOIN EM NORMANDIE

TUITION FEES

These fees cover:

- Lessons on our campuses, depending on the programme selected
 - Education innovation
 - All student services and events provided by our support teams (professional skill development, student associations, Career Path, Incubator, Wellbeing and Inclusion, the EM Normandie Alumni Association...).
 - The option to study at one of our 200 partner universities* within some programmes
 - Special events just for students
- In the event of a resit or voluntary interruption to studies, the fees applicable for the new intake shall be due. EM Normandie reserves the right to modify the fees set out in the contract in the event of inflation exceeding 5%.

LIVING COSTS

The average monthly cost of living, including accommodation, meals, transport and home insurance, will vary based on your campus. Average costs are estimated at:

Caen	€800
Le Havre	€800
Paris	€1,200
Dubai	€1,300
Dublin	€1,200
Oxford	€1,200

FUNDING YOUR STUDIES

Early Bird

Scholarship applications received during the early registration period, automatically benefit from a 10% reduction on the tuition fees for the whole duration of the programme.

Achievement scholarship

Selection is based on academic background, professional experience and personal achievements. Selected students receive a 10% reduction on the tuition fees for the whole duration of the programme.

International scholarship

Many countries offer international mobility grants.

Scholarships are available to non-French students and can be combined with other scholarships or grants.

For further info, visit: em-normandie.com/en/international-students-benefit-scholarships

Family offers

Children of graduates who are members of the Alumni EM Normandie association and their siblings qualify for a reduction in tuition fees:

-10% for children of graduates

Sibling offer:

-10% reduction for 2nd sibling

-15% reduction for subsequent siblings

Work-study programmes, housing benefit, student jobs, etc.: find out about all the financial support available to you on the "Funding my studies" platform.

More info: funding-my-studies.em-normandie.com/en

*In the case of a few universities, allow for an additional tuition fee of between €700 and €4,300 for a semester of academic expatriation. This additional cost is linked either to a specific programme with intensive English courses to enable students with weak English skills to improve them or to cooperation agreements which do not include reciprocity and which offer paying places at a reduced rate negotiated by EM Normandie. **Non-eligible programmes for Early Birds rate.
