Student Feedback

“From the first week of integration to now, I have learned so much. How to work with my classmates to make projects, presentations, and I have also made a lot of French friends which helps me understand the culture better. There are a lot of student clubs and entertainment activities at

ESSCA, and the communication is very friendly with helping me to solve problems and offering information about life in France. Even though I am a Chinese international student with a language barrier, I am still able to have a great experience at ESSCA. It's really nice!”

“ESSCA was the perfect choice of school for me. Triple-accredited and internationally renowned, the school offers international students the choice of pursuing a career either in France, or in their own country. The programme gave me the opportunity to carry

out a business internship and an academic semester abroad, which was extremely valuable for putting theories into practice, and allowed me to significantly improve my English language skills.
