ESCE

INTERNATIONAL BUSINESS SCHOOL

PARIS

For more than 50 years, ESCE has been providing its learners with a multidisciplinary education that transforms them into experts in international roles, with unparalleled employability in the job market.

The ESCE Alumni network of around 12 000 members in 80 countries contributes to the school's development all around the world. The school gathers around 3000 learners attending the following programmes:

- Grande Ecole Programme in 5 years - Master's level
- Grande Ecole Programme in 2 years - Master's level (International Admissions)
- Summer School programmes
- Bachelor Programme - 3 years
- MSc programmes - 1 or 2 years

With 190 international academic partnerships in 50 countries and 19 double-degree programmes, ESCE puts a great emphasis on international mobility. Within the Grande Ecole Programme, students must complete two semesters abroad and can take up one or more international internships. The service dedicated to welcoming foreign students has been granted the Bienvenue en France label in October 2019 for four years.

◆ MAIN PROGRAMMES OF STUDY

- The first three years of the Grande École Program are designed to develop autonomy, a collaborative mindset and the sense of responsibility of our students through both a benevolent and rigorous pedagogical guidance.
- The fourth and fifth years of the Grande Ecole Program are designed to stimulate and cultivate the students' curiosity and contribute to a solid understanding of the challenges and rewards of doing business in a global environment. 12 specialization courses are available to students at the master level:

Specializations in English

- International and Digital Marketing
- Communication, Luxury and Prestige Products
- Finance, Investment and Banking - Corporate Finance track

- Finance, Investment and Banking - Financial Markets track
- Export management

Specialization in English and French

- Management et Conseil
- Entrepreneuriat et Innovation
- Stratégie Commerciale et Marketing en Grande Consommation
- Controlling, Finance and Organization
- Purchasing and Supply Chain Management
- parcours Procurement and Purchasing Management
- Purchasing and Supply Chain Management - parcours Logistics and Supply Chain Management
- Ingénierie d'Affaires

◆ RESEARCH

ESCE is pursuing a multidisciplinary research strategy in the fields of management and economics via a team of around 30 faculty researcher members who, through their intellectual contributions as well as the publication of academic articles contribute to the reputation of ESCE.

ESCE works in close collaboration with businesses and stakeholders of the international trade ecosystem (the Think Tank La Fabrique de l'Exportation, Playmobil, KPMG, BPI France, etc.).

Research at ESCE is structured around four main areas of research which are strongly linked to the specializations offered by the school: Finance and Economics in an era of international transformation, International management, Innovative processes and evolving behaviors in a global environment, Global value chain and distribution
