JUNIA HEI - ISEN - ISA

JUNIA Grande école d'ingénieurs
HEI-ISEN-ISA

JUNIA offers three degree programs with a variety of study options. The tie that binds our programs together is a sincere focus on building a sustainable future.

JUNIA is proud to be an engineering school focused on ecological transitions, where we confront the grand challenges of today and tomorrow:

- Nourish and take care of the planet
- Accelerate energy and urban transitions
- Develop digital and industrial transition
- Reinforce health care and well-being technologies

◆ MAIN PROGRAMMES OF STUDY

JUNIA offers 40 specialization options in 7 fields of study: Agriculture and Landscape, Health and Environment, Food Science, Industrial and Technological Science, Applied Science, Building and Urban Environment, Digital Science and Electronics, Business Management

◆ RESEARCH

JUNIA has over 120 faculty researchers, engineers, and technicians—as well as nearly 100 PhD students and post-doctorate researchers—on 17 research teams across our campuses. These teams research a range of subjects within our academic scope.

◆ STRENGTHS

1. Increase your employability with a transdisciplinary, whole-person education focused on active learning and hands-on experiences that make you immediately operational in the workforce
2. Build a customized, piecemeal training plan to fit your interests and career goals
3. Develop an international profile living and studying in a multicultural environment
4. Enjoy a rich and diverse student life in a vibrant city at the crossroads of Europe
5. Benefit from a robust global alumni network

◆ LOCATION

Lille - Bordeaux - Chateauroux

IDENTITY FORM

- ◆ **Precise name of the institution**
JUNIA - Graduate School of Science and Engineering
- ◆ **Type of institution**
Grande école d'ingénieurs, Private Institution, not-for-profit
- ◆ **City where the main campus is located**
Lille
- ◆ **Number of students**
5,000
- ◆ **Type and level of qualifications awarded**
Bachelor and Master of Science and Engineering (diplôme d'ingénieur), MSc
- ◆ **French language courses**
Yes - French as a Foreign Language classes are integrated into the curriculum, giving JUNIA students an advantage in joining the European workforce.
- ◆ **Programs for international students**
Yes - Welcome and orientation sessions
French language classes
Personalized tutoring and advising
Guided studies and research projects
Internships for hands-on professional experience
A Career Center dedicated to supporting and advising all students in their professional goals
- ◆ **Programs in English**
Yes - **HEI:** Smart and Resilient Cities
ISA: Agricultural Economics, Marketing, and Management | Agricultural Science | Environmental Science | Food Science
ISEN: Big Data | Digital Health | Embedded Electronics | Software Engineering
- ◆ **Registration fees/year (for information only)**
Learn more at junia.com
- ◆ **Postal address**
13 Rue du Toul, Lille, France 59014
